2. Approval of Agenda

Motion (Commissioner Barlow/ Commissioner Seguino) to approve agenda

3. Public Comments/Questions

A. Public Comment

**Megan Carlisle**- Member of BLM Vermont: At request of a Board member they are coming again to this meeting. Suspension data shows that a disproportionate percentage of black students are facing suspensions compared to their make-up of the student population.

**Emma Jenkins**- 2nd/3rd grade teacher at Flynn, member of BLM Vermont- States that the District and the Board believes that Restorative Practice is a priority, but that the process is not entirely transparent and lacks a sense of urgency. There has been an introduction to the principles of Restorative Practices, but those teachers were only present on a volunteer basis.

**Dierdre Yee**- BLM Vermont- Reiterates lack of transparency on the process of suspensions and expulsions. They believe that there should be documentation of each incident to start. They spoke with a family in the process and that parent hasn’t been updated on the status of their child. This was used as an example to their point.

B. Board Reflections-

**Commissioner Judson**- Ann mentions that she will be attending the NSBA conference next week and she is planning to attend the only workshop on this
topic. She was surprised to see that there weren't more workshops being offered on this topic.

**Commissioner Seguino**- Expresses that she feels the sense of urgency. She says that there is much work already being done and that institutional change does take time as this is a complex issue. She appreciates their attention to this and keeping the Board on time.

**Commissioner Berrizbeitia**- She would like to chat with the group and continue the conversation.

4. **Board Report**
   
   A. **Departing Members**
   Remarks were made by Board members thanking Commissioner Stoll and commissioner Cina for their work.

   Superintendent Yaw Obeng presents Commissioner Stoll and Commissioner Cina with plaques thanking them for their service on the School Board in the City of Burlington.

   *Commissioner Stoll makes final remarks.*

   The Board needs to keep working on these three issues:

   1.) Continued fiscal responsibility
   2.) Issues of our physical locations- We have to pass the next bond to ensure that we have a safe, fully responsible high school.
   3.) As the Board faces pressures, we cannot make cuts that impact our most vulnerable students.

   *Commissioner Cina makes final remarks.*

   Commissioner Cina shared that this has been a very challenging time, where he hasn’t always been liked, but at the same time he has never felt as appreciated as he has during this time. It has been a great road, with the work on many budgets over time. He reflects on how much the school district has achieved during his time on the Board and that we are on a great path. He reflects on the Superintendent search process and how difficult that was, but that it was worth it to have selected Superintendent Obeng in the end. There are difficult times ahead regarding an upcoming threat to the very essence of public education, but he is confident that this Board is capable of pulling through and thriving.

   B. **Budget and Bond Thanks**
Public note made from Chair Porter that the Board is very thankful that these ballot items had passed.

Also made an announcement that future Commissioner Ryan McLaren has had a serious injury recently. He just had surgery and is on the road to recovery. The Board will be flexible as he is recovering and make any attempts to have his input as he is recovering.

C. Student Report

Representative Bucci is excited that the All are Welcome group is presenting during the meeting tonight and sports are starting for the Spring.

5. Superintendent’s Report

A. Report on Superintendent Goals for March (ESSA, Research & Data, Restorative Practices)

Superintendent Yaw Obeng introduces Superintendent Goal 1 Report (Available on Board Docs)

- **ESSA Presentation**

  Director of Curriculum, Stephanie Phillips, gives presentation on ESSA.

  **Commissioner Barlow- Replacing replacement for NECAP assessment?**
  Stephanie Phillips says that we will be administering the test this spring, but there could be a pilot test next year and likely there wouldn’t be the NECAP during the pilot. More to come.

  **Commissioner Kirk- Are we currently following what students are doing after college?**
  Stephanie says that it is unclear if this will be required at this time, but there are some efforts currently being made, though not many.

- **Research and Data Presentation**

  Victor Prussack, Assistant to Director of Curriculum & K-9 Registration Coordinator and Miriam Ehtesham-Cating, Director of EL Program give a presentation on Research and Data.

  **Commissioner Seguino - Working on issues of data quality?**
  YES- This brought many folks into the team in fact.
Commissioner Stoll - Should have interpretation of the data on the website as we create the new website. Cost-effectiveness in education was a tool that the Board looked at at one point, but she is thrilled that this has been started.

- **Presentation on Restorative Practices**

Hal Colston, Architect of Equity gave a presentation on Restorative Practices.

Commissioner Olwell- How long is this going to take to be implemented in all schools?

This is first being incorporated into the high school and then will be incorporated in other schools over time. The work had already started in the High School so it seemed like a great place to start and continue this important work.

**B. Property Services Vehicle Purchase**

a. **Motion**: Approve the purchase of the one (1) Chevrolet Express Van 2500 for the amount of $22,927.00 and two (2) Chevrolet City Express Vans for the amount of $21,626.00 from Shearer Chevrolet under the Vermont State Contract Bid totaling the amount of $66,179.00.

(Commissioner Stoll/Seguino)
The letter can be found on Boarddocs.com and will be incorporated into district communications.

Student Representative Bucci reads first portion of letter.

Commissioner Stoll reads second portion of letter.

Student Representative Bucci states the importance of having the school be a safe space. The work that the International Club has done with the “All are Welcome” symbol has been great.

Commissioner Barlow asked what the Communications Plan is for getting this statement out?

Commissioner Stoll reinstates that the distribution is just as important the content. Perhaps we could utilize our new Communications Specialist Erik Wells to work on this.

Commissioner Cina thinks it is great for the Board to come together around the “All are Welcome” theme.
