TOWN MEETING DAY
March 3, 2020

Voting Information: www.burlingtonvt.gov/CT/Elections

Where to vote:
Ward 1: Mater Christi, 100 Mansfield Ave.
Ward 2: Integrated Arts Academy at H.O. Wheeler
       6 Archibald St.
Ward 3: Sustainability Academy at Lawrence Barnes
       123 North St.
Ward 4: St. Mark's Youth Center, 1271 North Ave.
Ward 5: Burlington Electric Department, 585 Pine St.
Ward 6: Edmunds Middle School Gym, 275 Main St.
Ward 7: Robert Miller Community and Recreation Center
       130 Gosse Ct.
Ward 8: Fletcher Free Library Community Room
       235 College St.

To register to vote in Burlington:
Deadline: Same-day Voter Registration will be available for the March 3, 2020 Annual City Election. Voters are encouraged to register at the Clerk/Treasurer’s Office or online at http://olvr.sec.state.vt.us in advance of Election Day.

Absentee ballots:
Deadline to request ballot mailed to you:
Friday, February 28, 2020. Call the City Clerk’s Office at 865-7000, or request online at http://mvp.sec.state.vt.us.

Deadline to vote absentee by coming to City Hall:
Monday, March 2, 2020. Office open until 1:00 p.m.

Voting Early: Beginning no later than January 17 for Presidential Primary and February 12 for Annual City Election — Special hours on Saturday February 29th at the City Clerk’s Office from 9 a.m. to Noon.

Burlington continues to be home to the most diverse and largest single-town school district in the state of Vermont, serving nearly 4,000 pre-k to grade 12 students across 10 campuses, with 45 different first languages represented among students. We strive to build greater equity and inclusion across the Burlington School District (BSD), with continued implementation of a multi-year strategic plan and increased communication in order to keep our community informed and engaged in the education of our students.

Our mission is to graduate students who:

• Value Different Cultures
• Engage with the Community
• Communicate Effectively
• Think Creatively
• Skillfully Solve Problems
• Achieve at their Highest Academic, Intellectual and Personal Potential

Our vision: Cultivating caring, creative, and courageous people. Join the journey!

In 2018-19, BSD continued implementing our community-directed Strategic Plan, working to align our goals with AOE directives (see alignment on page 4). In the area of “Sustainable Finance and Facilities,” we operated with a budget surplus for the fifth consecutive year and continued to work towards addressing our capital plan needs. In the area of “Equitable Climate and Culture,” we spent time analyzing our previous year’s climate survey data and began making recommendations to improve relationships and safety in our District. We dedicated the entire year’s professional learning focus in the District to Restorative Practices (RP). Our District Safety Team researched Vermont Agency of Education (AOE) endorsed “Options-based Response Protocols” and began the work of implementing “Run, Hide, Fight” in all of our schools.
We also added gender-neutral changing facilities at Burlington High School (BHS) and expanded the number of accessible playground options at Sustainability Academy and Flynn Elementary. For our goals under “Inclusive Teaching and Learning,” our Afterschool Program completed a pilot in partnership with UVM to connect English Learners (EL) with UVM students studying cultural and linguistic literacy. We also received an AOE Career Pathways Implementation Grant and founded the Future Planning Lab, a program that provides assistance to our growing number of EL students in the application for college, financial aid, and employment. And we launched “Burlington City and Lake Semester” at BHS, a class held outside the walls of BHS in downtown Burlington, offering hands-on learning within the city. Finally, we successfully implemented the Kansas Coaching Model in all K-8 Schools, and hired our first Achievement Gap Lead and first Data Manager to ensure we are equitably serving all. Please visit www.bsdvt.org to see how we strive every day to close the achievement gap, while raising the bar for each of our students.
Capital Improvements

As part of the District’s ongoing capital improvements plan, we completed $4.8M of a renovation in Phase I and $2.4M of a renovation in Phase II to the Edmunds Campus. Phase I work included building a new dedicated kitchen and cafeteria with 180 seats in the basement of “C” Building. Previously, we used one shared cafeteria/elementary gym space, resulting in difficulties with scheduling physical education. We also created better hallways and corridors linking the buildings, and made substantial HVAC, lighting, and energy efficiency improvements. Phase II improvements included creating a single, secure, Americans with Disabilities Act (ADA) compliant entry point for the campus, used by visitors for both schools. We also constructed a new wellness area for school nurses, installed new sidewalks, and made landscaping and stormwater improvements.

2018-19 also brought substantial upgrades to Hunt Middle School. With a $600k budget, the entire parking lot was repaved, major accessibility upgrades were added to the sidewalks and stormwater improvements were installed. All restrooms in the building were renovated with new fixtures, partitions, flooring and lighting, and included improvements for ADA requirements and gender neutral standards, a project totaling $500k. We also replaced the nearly 25 year-old lockers building-wide, totaling $50k.
Following last year's successful $70 million bond vote supported by more than 73% of Burlington voters, BSD got to work moving forward with BHS/BTC ReEnvisioning. A BHS/BTC Construction Oversight Committee was formed, and Peterson Consulting was selected to provide the Owner's Project Management (OPM) Services. The committee then went through an extensive interview process before hiring Whiting Turner as Construction Managers to oversee the construction and provide up-to-date estimating for the project. Additionally, CX Associates was hired to perform CHPS Commissioning Services, and geotechnical engineers begin investigatory work, drilling and coring inside and outside of the building and sampling soils and bedrock.

The committee met with BHS faculty, staff and administrators regarding program needs and draft design options. They also worked with the design teams from civil and landscape engineers on exterior site configurations for parking, vehicle circulation, bus and parent drop-off, pedestrian and biker circulation, and stormwater improvements.

The committee continues to work diligently with architects, engineers, contractors and District stakeholders to refine plans to meet the needs of our students and staff, meet all the design directives promised to the voters, and stay within our budget. On the third Thursday of each month, the Oversight Committee holds a public meeting at 5:30 PM in the BHS Cafeteria; please join us.

**Other important improvements:** IAA received a new $150k sprinkler system upgrade and SA received $30k in sidewalk improvements.

**Next Capital Plan Priorities:**

- Planning and Design Work Continues
  - Early Education Preschool Center option
  - IAA building envelope and HVAC upgrade
  - Edmunds HVAC improvements
  - Champlain Student Drop-off Site Improvements
Curriculum, Instruction, and Assessment

BSD provides a rigorous, research-based curriculum and supports teachers with the implementation of instructional practices to improve student achievement. To this end, the primary focus of the Curriculum Office is to assist our schools in creating a learning environment that promotes the academic and social growth of all students.

2018-2019 Professional Development Highlights:
Beginning in August 2018, BSD launched a three-year professional plan for administrators and teachers focused on using District inservice time to support teachers within the primary focus areas of the BSD Strategic Plan. Year one’s dedicated focus was RP, allowing us to train 400+ employees, including school and District-based departments, in Tier I RP work.

Summer 2019 professional development offerings included:
- K-8 Mathematics
- K-12 Restorative Practices
- K-5 Balanced Literacy
- K-5 Responsive Classroom

Assessments

Beginning in 2018, our District joined thousands of schools across the United States in the fourth administration of the Smarter Balanced Assessments (SBAC). The SBAC tests are given to students in grades 3–8 and 11, and measure achievement in English Language Arts and Mathematics. While the assessments are designed to measure academic achievement, scores are also impacted by a student’s familiarity with technology.

In 2018, students in grades 5, 8, and 11 also participated in the administration of Vermont’s new science assessment which is fully aligned with the Next Generation Science Standards (NGSS), the academic content standards that Vermont adopted in 2013. The new assessment will allow students to better represent their proficiency against the State’s current expectations for learning. The science assessment is administered via computer and makes use of innovative item clusters that make it possible to measure the full breadth of the NGSS standards. Federal law requires that states annually measure the achievement of all students in science not less than one time during grades 3–5, 6–9, and 10–12.

In addition to the State assessments in math, literacy, and science, teachers administer District-level assessments in math and literacy three times a year to monitor student progress.

Finally, we know that healthier students perform better in every other aspect of school. Vermont’s Education Quality Standards has articulated a commitment to approaches to education and evaluation that support the “whole child” and, in particular, the value of physical education. The AOE selected FitnessGram to serve as its Statewide physical education assessment for state and federal accountability purposes. FitnessGram is a non-competitive fitness assessment developed by The Cooper Institute and is currently the most widely-used fitness assessment tool in the U.S. FitnessGram was field tested Statewide in 2018 with students in grades 4, 7, and 9, and was formally incorporated into the State’s accountability system in the spring of 2019.

Diversity and Equity

The District embraces its rich, diverse community as expressed through race, ethnicity, ability/disability, gender expression, religion, national origin, immigration status, language background, language proficiency, and family structure. Our belief and vision is that all students and staff deserve an inclusive school and work environment where differences are valued and celebrated. To this end, the District has established “Equitable Climate and Culture” as a major priority in the Strategic Plan and has committed to viewing all initiatives through an equity lens.

Under the leadership of the Superintendent, the District Equity and Access Leadership Team (DEALT) is charged with the implementation and annual review of District-wide planning for equity. Specifically, DEALT’s purpose is to ensure and support equitable access and outcomes for every learner in BSD by addressing inequities and removing barriers to student success.
Additionally, our RP Collaborative, comprised of administrators, teachers, and staff, continues its work to carry out broad-based training and implementation of RP as a means of promoting and protecting equity throughout the District. Please visit www.bsdvt.org/district/diversity-and-equity/restorative-practices/ for more information about this work.

The District’s goal of increasing the number of diverse and culturally proficient administrators, educators, and staff remains paramount. In 2019, we reported that since 2017, approximately 89 self-reported diverse candidates have been hired in a variety of positions within BSD. This number exceeded our goal of 20, initially set by the Superintendent. The positions include both non-union and union employees. For this report, diversity reported is limited to ethnicity and race of employees, which we recognize is not representative of all the possible sources of diversity. This is a good start and we know more work needs to be done. Our hiring process is regularly reviewed and evaluated for potential biases and barriers that may impede our efforts. Special attention is also being given to retention efforts to ensure a welcoming environment for our new and diverse educators.

In the 2018–19 school year, the District achieved the following success in Diversity, Equity, and Inclusion:

- BSD’s second annual “Beyond Black History Month” community event drew hundreds to BHS for a look at how we integrate curriculum to study black history and all histories throughout the course of the year.
- DEALT supported two free community events for the first time – a Wellness Fair and a film screening of “Who Cares About Kelsey?”
- BSD continued the practice of publishing religious holy days across all faith traditions within our community, asking that students not be penalized for absences related to these observances. We added Christian holy days this year based on community feedback.
- Continued District commitment to RP included Creation of RP Leadership Teams in all schools and Central Office.
- Library of new multicultural books given to EVERY K-5 classroom in the District.
- Published information on Disability Employment Awareness Month.
- Equity Instructional Coach hired to help all teachers better implement equity lessons.
- BSD changed the instructional approach to MLK Day. BSD is now in school for a half day, with curriculum intentionally focused on the importance of Dr. King, racial equality, service, and love, with students leading conversations and curriculum where appropriate.

Student Support Services

BSD Student Support Services continues to grow to meet the needs of our community. The District provides many resources for students with and without disabilities. Service providers include nurses, social workers, psychologists, special educators, speech/language pathologists, guidance, physical therapists, and occupational therapists. Our Early Education Program provides important first-classroom experiences for students with and without disabilities, ages three to five.

BSD values belonging for students with disabilities as full members in our community. We continue to improve a continuum of specialized instruction with the goal of providing these services in the least restrictive environment based on individual needs. Students with disabilities who do not qualify for special education instruction may qualify for accommodations and/or services to access general education curriculum under Section 504 — ADA. Other students in need of support may have their needs addressed through an Educational Support Team Plan.

During the 2018–2019 school year, approximately 723 students with disabilities received specialized instruction provided through an Individualized Education Plan (IEP); disabilities include autism, deaf-blindness, developmental delay, emotional disturbance, hard of hearing, intellectual disability, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury and visual impairment. Approximately 200 students with disabilities were accommodated with Section 504 Plans, and approximately 110 students with disabilities ages three to five received Early Education services in our District-based programs and through our Early-Ed partners.

Each year, the District publishes an “Equity Data Report” which can be found online:

www.bsdvt.org/district/superintendent/school-assessments-data
Burlington: Vermont’s Most Diverse Schools – BSD Demographic Data

- **Number of students**
  - **Burlington:** 3,565

Did we miss you? Please let us know: superintendent@bsdvt.org
STUDENT HIGHLIGHTS:

• BHS Senior Jackson Elder named 2019 U.S. Presidential Scholar; BHS’s third Presidential Scholar in a row and fifth in nine years.
• Horizons student Abdul Abdulrazak won a Congressional Art Award.
• BTC student Colin Poulin was a recipient of the 2019 Vermont Automobile Enthusiasts Golden Wrench Award.
• BHS Senior Vilena Lee took home first place in the 10th Annual Vermont Brain Bee. Vilena represented the State of Vermont in the 2019 USA Brain Bee Championship on the campus of Penn State College of Medicine.
• BHS Senior Alexandra Contreras-Montesano named the National Student Poet for the Northeast.
• BHS Scholars’ Bowl Team named Vermont State Champions!
• EMS Students Alivia Roth and Lydia Sheeser featured in Burlington Free Press for work supporting legislation that would make feminine hygiene products tax-free in VT.
• Champlain students were featured on VPR, discussing Beyond the Bright Sea, a book by Lauren Wolk.
• BHS Junior Maia Vota was named one of three finalists in the Youth Filmmakers Awards category of the AT&T Film Awards.
• 3rd Grade Students at Flynn led the charge to build a fully-accessible Gaga Pit.
• BHS students Emmanuel Dodson, Anna Halladay, Simon Kissam, and Elliot Montroll achieved outstanding results on the PSAT/NMSQT and became Semifinalists in the National Merit Scholarship Competition.
• BHS Juniors Jake Bergeron, Matt Huynh, and John Nguyen (Team Slice, Dice and Spice!) took home the Crowd Pleaser Award for BTC’s Culinary Program at Jr. Iron Chef VT.
• With the support of community businesses, HMS students delivered 30+ baskets of fruit, veggies, grains, soups, peanut butter, cheese, and eggs to community members.

Find out more about Vermont’s commitment to standards and assessment:
education.vermont.gov/student-learning
STAFF HIGHLIGHTS:

- Christy Gallese, Director of Expanded Learning Opportunities, named National Afterschool Ambassador (one of 15 in the Nation).
- Bobby Riley named Regional Principal of the Year by Magnet Schools of America.
- Kate Stein named Vermont’s Substitute Teacher of the Year by Kelly Services.
- Melissa Clark was recognized for providing outstanding support at Flynn.
- Shannon Walters named a Life Changer of the Year Nominee.
- Stacie Curtis, Director of Early Education, passed the School Leadership Assessment Exam and obtained licensure as a Director of Special Education.
- Two Early Education staff accepted into Snelling Center’s Early Childhood Leadership Cohort (for a total of six Early Education employees).
- Nathan Lavery named President-Elect of Vermont Association of School Business Officials.

DISTRICT HIGHLIGHTS:

- Edmunds Elementary School recognized for the fourth year in a row as a VT PBIS Exemplar School by the State of Vermont, where “sustained implementation has had positive effects on learners’ academic and behavioral performance.”
- Expanded Learning Opportunities served over 1,600 students with a more than 99% parent satisfaction rate.
- Sustainability Academy and Champlain Elementary School hosted Reading to End Racism, bringing in dozens of community members to read to K-5 children on multiculturalism and anti-racism.
- Our Early-Ed program again increased their number of Early Learning Partners, for a total of 47 community partners in 2018-2019.
- BTC Programming and Web Development created a web-based app allowing EL students to use a mobile device to listen to translations of survey questions in seven languages.
- Burlington School Food Project provided more than 60 families with hunger relief packages during four District vacations.
- HMS drug and alcohol abuse prevention efforts highlighted on WCAX.
- BSD expanded our Chinese Cultural Exchange Program and formed a partnership with the French Embassy to explore dual language immersion. Both initiatives offer great opportunities to support global learning.
- Thanks to BHS parent volunteer organization Seahorse Pride, BHS became the first High School in VT to install a Mamava Suite.
- BTC became the first technical center in VT to offer a retail product – “Vermont Mud Brownies” can now be found at Healthy Living and Natural Provisions.
- C.P. Smith Elementary School established a strong intergenerational relationship at the Heineberg Senior Center and was named 2019 Champions of the Chittenden County Solid Waste District Recycle Rally.
FY21 PROPOSED BUDGET

Budget Summary

BSD’s FY21 budget development process began with gathering stakeholder input. This process, running from September through early December of 2019, engaged school board members, principals, teachers and school staff, parents, and other community stakeholders. Input was received at numerous board meetings, at community forums, through the District’s website, and by way of numerous other informal channels, such as emails and letters.

Input from the stakeholder input process was evaluated and the list of possible new programmatic investments (totaling nearly $4.5 million) was assessed through the lens of the District’s Strategic Plan (see http://wwwbsdvt.org/district/strategic-plan/).

In addition to this process, we knew BSD’s baseline budget was predicted to go up $3.5 million without adding programming. This is because of projected increases to health insurance rates (13%), wages, and special education costs, as well as anticipated borrowing related to the first phase of the BHS/BTC ReEnvisioning Project. In addition, we have begun to pay back debt associated with our voter-approved capital plan (Thank You, Burlington!).

December brought challenging news. Due to the design of the statewide education funding formula and challenges in Burlington’s Common Level of Appraisal for properties in the city, we learned that our projected baseline budget growth alone would result in a 10.5% tax increase to homeowners.

In response to this news, District Leadership took a series of actions. First, because of disciplined financial management, the District operated with a surplus for the fifth consecutive year. The Board directed this year's surplus of $1.3 million to be applied to the FY 2021 budget, which reduced the baseline budget’s tax impact from 10.5% to 8.5%. Next, District administration engaged in a line-item review of the budget to identify additional savings. The Board approved a number of these suggestions and proposed additional savings, resulting in a total of more than $1 million of non-instructional spending reductions, including the elimination of two central office administrative positions. This list of reductions allowed the Board to make a few modest but important investments in programming while also setting aside additional funds for contingency.

The result of these decisions is a proposed $91.5 million that represents a 3.18% spending increase over the FY20 total. Though the budget is only increasing by 3.18%, the homestead tax rate is estimated to increase 7.36%; however, this represents a nearly 30% reduction from the originally projected 10.5% increase. For those who pay on the basis of income, the tax impact is projected to be 3.18%.

For detailed budget information, please visit: https://www.bsdvt.org/district/budget/

During Fiscal Year 2019, the Burlington School District spent $1,222,306 on student transportation services. This spending includes provision of 240,513 subsidized GMT bus rides, as well as busing for preschool and students with special needs, field trips, and transportation to athletic and extra-curricular activities.

Ballot Question

“Shall the voters of the school district approve the school board to expend $91,525,288 which is the amount the school board has determined to be necessary for the ensuing fiscal year? It is estimated that this proposed budget, if approved, will result in education spending of $16,920.53 per equalized pupil. This projected spending per equalized pupil is 5.66% higher than spending for the current year.”

</tr>
<tr>
<td>40. Portion of district income cap percent applied by State (100.00% x 2.50%)</td>
<td>$1.4758</td>
</tr>
</tbody>
</table>

### Notes

- Following current statute, the Tax Commissioner recomended a property yield of $12,000 for every $1,000 of homestead tax per $100 of equalized property value. The Tax Commissioner also recommended an income yield of $13,000 for a base income percent of 2.6% and a non-residential tax rate of $1.65. New and updated data will likely change the proposed property and income yields and perhaps the non-residential rate.
- Final figures will be set by the Legislature during the legislative session and approved by the Governor.
- The base income percentage cap is 2.6%.
