## NEW SITES!

We have had the privilege to open 2 NEW sites this summer!

At City Hall, we will be providing meals and performances from local artists at City Hall park. At CP Smith, we partner with the SOAR program through the Burlington School District. As their programming ends at 1pm we will provide afternoon programming from 1-4pm to provide full day of care for the youth at the site. We are so excited and grateful to partner with SOAR this summer to provide great nutritional, recreational and educational enrichment!

## About the program

Our Recreation and Nutrition program aims to provide meals, recreation, and summer enrichment to our youth in Burlington. Rec and Nutrition is a Mon-Fri drop in program and our meals and activities are completely FREE to our Burlington youth. We believe in a holistic approach and work with many partners in the community to provide great food and recreation opportunities. Our program has many sites around Burlington both in housing communities and local parks. We are excited to work with our partners and the community to provide a great summer!

### This program is much more than just providing meals....

“While providing meals and activities for the kids I have been able to make connections with youth and watch them flourish as well as make great relationships with families. Our meals portion is a great aspect of our program. It truly helps strengthen the community of youth in the program; whether that be walking to Roosevelt park for dinner or sitting at the picnic table for lunch. Combining our food portion with programming has been tremendously important because then there is no singling out who depended on the meal due to food insecurity and who didn’t. It truly keeps our program inclusive and respectful of all different family situations. With everything going on in the world we were able to have a great summer and made so many memories.”  
Written by Marissa, Rec & Nutrition Counselor 2020

THE PROGRAM SERVES OVER  
7,000 MEALS TO HUNDREDS  
OF BURLINGTON CHILDREN!
