Monitoring Report - Policy Title: 1.1 Reducing Disparities with an Interim Status Update for Title Policy 1.0 Global Ends

Submitted by: Tom Flanagan, Superintendent Date Submitted: March 2, 2022 Status: Partial Compliance

## Overview

This is the annual report on compliance with the School Board's Ends Policy Title 1.1 Reducing Disparities.

## **Policy Statement**

Reducing Disparities: The difference in academic achievement between the highest achieving and lowest-achieving student groups will decrease.

## Interpretation

The Superintendent will ensure that the "opportunity gap" in academic achievement between the highest-achieving and lowest-achieving student groups will decrease through a variety of evidenced-based educational initiatives and strategies. The phrase "opportunity gap" replaces what has commonly been referred to as the "achievement gap."

A working definition of the **achievement gap** in the United States refers to the observed, persistent disparity in measures of educational performance among subgroups of U.S. students, especially groups **defined** by socioeconomic status (SES), race/ethnicity, and gender. Essentially, income, race, and other demographic factors currently **predict** achievement.

Addressing the opportunity gap requires a high level of staff knowledge and proficiency related to helping students in historically underperforming groups.

### Evidence

The District commits to a data analysis approach that is intentional, strategic, and systematic using evidence-based decision-making practices. The following metrics and data sources will be utilized to track the progress toward closing the opportunity gap:

- Local Progress Monitoring Assessments in Math/ELA
- BHS Course Participation/Completion
- WIDA ACCESS Assessments for EL Students
- District Equity and Inclusion Data Report
- District Behavior/Suspension Reports
- District Restorative Practices Survey
